RESORT

Frog Bridge

Efficiency Units

Located just 1/2 mile east of downtown Fort Myers, Florida, the historic Rock Lake Motel is a charming vacation resort.

Originally constructed in 1946/1947 by James Moore, the circular lake was formed using coral rock from the site. The nine cottages (with 18 units) built around the circular lake all have sitting porches to enjoy the view. Dolphins decorate the edge of the lake, shooting water gracefully into the air.

Behind the cottages, Billy Creek offers a chance to canoe or kayak or even take a small motor boat out to the Caloosahatchee River.

Fort Myers, dubbed the City of Palms after the miles of royal palms planted along both sides of McGregor Blvd., First St. & Palm Beach Blvd. is a regional center for culture in Lee County.

Downtown Fort Myers has undergone a face lift and is now home to several theaters, restaurants, nightclubs, coffee houses, and wine and cigar bars.

Close by the Harborside Convention Complex, the City of Palms Park, home of the Florida Southwestern Buccaneers baseball and softball teams. Also, close by is the Edison-Ford Winter Estates where famous inventor Thomas Edison, his wife, Mina, and their friend, Henry Ford, resided during the winter months, and the Imaginarium, a hands-on museum and aquarium. Across from the City of Palms Park is the Skatium, a \$3.2 million ice-skating and in-line skating center.

Tourism is the number one industry in Lee County attracting 1.8 million people from over the U.S. and world.
